

LALIT NISHAD

PMO & Digital Transformation Professional | Process Design · Financial Governance · ERP/Automation
+91-9076377967 | lalitdnishad1@gmail.com | linkedin.com/in/lalitdnishad

PROFESSIONAL SUMMARY

Project & ERP professional with 3+ years across BFSI, infrastructure, and industrial sectors, specializing in PMO setup, process/SOP design, and building custom automation that replaces manual, paper-based workflows. Designed and implemented the financial governance framework (approval hierarchy, order, invoice, and payment controls) for a large-scale airport infrastructure project, and independently built and rolled out ERP/SaaS platforms, dashboards, and Google Apps Script-based tools now in daily production use. Delivered 48 pan-India infrastructure projects for a BFSI client (ICICI HFC) and currently drive PMO and digital transformation for Lucknow International Airport at Piramal Nextgen.

CORE COMPETENCIES

- PMO & Process Design: SOP Design, Approval Hierarchy & Governance Frameworks, Risk Tracking, MIS Reporting
- Digital Transformation: ERP/SaaS Implementation (R'Dash), Process Digitization, Google Apps Script + AI Automation, Power BI & Dashboarding
- Financial & Contracts: BOQ Creation & Verification, Invoice Lifecycle (PO to Payment), Budget & Cost Control, Vendor Contract Management
- Project Execution: Planning & Scheduling, Vendor Onboarding & Negotiation, Stakeholder Coordination
- Domains: C&I, MEP, Interior Fit-out, IT Infrastructure, BFSI, Airport & Industrial Projects
- Languages: English (Professional), Hindi (Native), Marathi (Native)

PROFESSIONAL EXPERIENCE

Sr. Executive – ERP & Projects

Oct 2025 – Present

Piramal Nextgen Industries Pvt. Ltd. | Key Project: Lucknow International Airport (C&I & MEP)

- Designed and implemented the project's financial governance framework — approval hierarchy, order, invoice, and payment control — now the standard for all procurement and execution spend
- Digitized ~₹125 Cr invoice tracking workflow via ERP, enabling monthly payment outflow oversight of ~₹30 Cr against a single project
- Built and standardized SOPs across Contracts, Procurement, Execution, and Accounts functions
- Own end-to-end vendor lifecycle — onboarding, rate negotiation, and performance management
- Built live dashboards and DPRs for senior leadership visibility and decision-making
- Independently designed and deployed a Meeting Room Booking System (Google Apps Script) with real-time conflict detection and live room visibility, replacing manual scheduling
- Automated paper-based site record-keeping into a live web + Excel-based tracking system using Google Apps Script
- Led ERP/SaaS (R'Dash) rollout at the org — UAT, training, and new feature development

Project Management Officer → Project Consultant

Sep 2024 – Oct 2025

R'Dash (YC W22) | Client: ICICI HFC

- Sole PMC for ICICI HFC's pan-India branch expansion — owned complete lifecycle from bare shell to fully operational offices
- Simultaneously managed 15+ active projects across multiple states spanning Civil, MEP, Electrical & IT infrastructure; delivered 48 projects within 35-day completion targets in a regulated BFSI environment
- Owned end-to-end scope: layout design, BOQ creation, rate verification, vendor selection & negotiation, OEM alignment for IT infrastructure; optimized procurement to achieve ~10% cost efficiency
- Built and standardized SOPs for project execution across pan-India operations
- Led pan-India SaaS rollout of R'Dash — conducted UAT, trained 50+ users, drove platform adoption; produced weekly MIS reports & dashboards for stakeholder visibility and risk flagging

Project Coordinator

Jul 2023 – Sep 2024

ANJ Group | Clients: Standard Chartered Bank | Viacom18

- Coordinated end-to-end corporate interior fit-out (Civil, MEP, C&I) for marquee clients, including a 1.25 lakh sq. ft. Viacom18 office project
- Managed project documentation, schedules & daily execution as communication bridge between client, design office & site teams; maintained timeline adherence and technical quality standards

CERTIFICATIONS

- Agile Project Management — Google / Coursera | Business Analysis & Process Management — Coursera (Mar 2026)
- Deloitte Australia – Data Analytics Job Simulation — Forage (Jun 2025)
- Google Apps Script & AI Automation — Self-built, production deployed at Piramal Nextgen

EDUCATION

B.E. – Electrical Engineering | St. Francis Institute of Technology, Mumbai | 2020 – 2023 | CGPA: 7.87

Diploma – Electrical Engineering | Pravin Patil College of Engineering & Technology | 2017 – 2020 | 85%
